Read all instructions carefully before installing your new Cobra product!
Your formed luggage rack will install in just a few minutes using common tools.

1. Remove and discard the (2) M8 bolts from the left side fender rail.
2. Install left sissybar mount bracket (part # facing inward) by inserting the longer supplied M8 x 55mm bolt through the front hole, supplied spacer, and thread into the fender rail. Insert the shorter supplied M8 x 45mm bolt through the rear hole, supplied spacer and into the fender rail. **DO NOT TIGHTEN AT THIS TIME.**
3. Repeat Steps 1 & 2 on right side.
4. Align the sissybar and insert the (4) supplied M8 x 20mm bolts. Tighten the (4) M8 bolts on the fender rails followed by the (4) M8 x20mm bolts. Torque all bolts to their appropriate values.

***Cobra® recommends you always wear a helmet while riding. Please never operate your motorcycle while under the influence of alcohol and/or drugs. Enjoy the new look of your motorcycle and please ride safely.**
