**Read all instructions carefully and completely before installing your new luggage rack.**

1. Remove the four M8 accorn nuts from the sissybar mounting bolts but **DO NOT REMOVE** the bolts at this time.
2. Push the M8 bolts outward until they are flush with the inside of the sissybar. Slide the Cobra rack between the uprights of the sissybar and align with the holes. Remove the stock bolts **ONE** at a time and replace them with the supplied M8 bolts. Install the nuts removed in step 1 onto each bolt but **DO NOT TIGHTEN** at this time.
3. Make sure the rack is level and properly aligned then tighten the bolts. Torque all bolts to their appropriate values.

*\* Cobra recommends you always wear a helmet while riding. Please never operate your motorcycle while under the influence of alcohol and/or drugs. Enjoy the new look of your motorcycle and please ride safely.*
